

New Tech Network

2025 NTN Events: Save the Date!

New Tech Network national events are multi-day interactive experiences designed for educators committed to creating meaningful learning environments. Through engaging and interactive programming, attendees experience shared learning on evidence-based best practices and innovative developments in the field.

Leadership Summit

February 25-27, 2025

Hyatt Centric French Quarter New Orleans • New Orleans, LA

Each spring school and district leaders come together for three days of impactful learning, meaningful connection, and authentic community building. Designed to cultivate leadership mindsets and advance educational innovation, New Tech Network's Leadership Summit offers a tailored program addressing key challenges and opportunities in educational leadership. Through collaborative sessions and shared experiences, leaders gain practical insights and innovative strategies to guide towards lasting impact. Registration opens November 2024. **To join the interest list to ensure you get all the latest information, email ntnevents@newtechnetwork.org.**

New Tech Annual Conference (NTAC)

July 15-18, 2025 • Oakland Marriott City Center • Oakland, CA

Experience the power of the New Tech Annual Conference (NTAC)! This national event is a must-attend for educators - K-12 teachers, instructional coaches, school and district leaders - seeking to deepen an understanding of innovative educational strategies. With a variety of sessions covering a broad spectrum of topics, you'll have the opportunity to tailor your conference experience to align with your professional interests and educational needs.

NTAC offers two dynamic components: the NTAC General Conference and NTAC Trainings.

NTAC General Conference: Dive into a multi-day learning experience featuring a diverse range of sessions. Customize your own schedule, selecting from a rich variety of topics and sessions that cater to your needs and interests.

NTAC Trainings: Join us for structured multi-day programs expertly designed to develop specific skills aligned to your school context. Registration opens early 2025. **To join the interest list to ensure you get all the latest information, email ntnevents@newtechnetwork.org.**
