

ACCELERATOR: **LEARNER-CENTERED INSTRUCTION,  
ASSESSMENT & CULTURE PRACTICES**

## Bring learning to life with student-centered teaching, where everyone knows they belong.

**Students crave more than surface-level education — give them relevant and engaging instruction built on trust, connection, and a sense of belonging.**

NTN's Learner-Centered Culture, Instruction and Assessment workshop equips educators with research-backed strategies to create relationship-rich environments that foster active, collaborative lessons which encourage students to connect their learning to real-world challenges. You'll learn to weave together subject-matter content with teamwork, integrate growth-oriented feedback, encourage collaborative reflection, and nurture compassionately constructive communication. By the end of the workshop, you'll feel confident in creating a classroom culture where everyone feels empowered to learn.

### What You'll Get

- + Practical, Active Learning:**  
Immediate, real-world application of best practices.
- + Tools for the Team:**  
Structured learning designed for groups of teachers, instructional coaches, and school leadership teams.
- + Proven Strategies:**  
Effective, research-backed approaches that have fostered deep learning and joyful teaching in schools across the country.

### What You'll Do

- ✓ Inclusive Environments:**  
Discover how to intentionally design spaces that promote belonging and encourage students to take risks.
- ✓ Instructional and Assessment Strategies:**  
Develop engaging and effective classroom strategies for academic learning, prompt feedback and essential skills development.
- ✓ Collaborative Learning:**  
Share and calibrate on Learner-Centered Practices to develop college and career outcomes for students.
- ✓ Design and Refine Plans:**  
Develop a learner-centered lesson plan, gather feedback and refine for implementation.

## Impact

### EMPOWERED EDUCATORS

94%

94% of NTN educators report improved processes for collaborative learning

90%

Over 90% of NTN educators report their learning objectives are met immediately following NTN service delivery and 90% report sustainability following service delivery

89%

89% of NTN educators agree that their learning regularly focuses on making learning equitable for each student in our diverse groups of students

### ENGAGED STUDENTS

86%

86% of NTN students think collaboration time with other students makes classes better

90%

90% of NTN students co-create culture agreements and expectations with their teachers

NTN students perceive that PBL content is relevant to their lives outside of the classroom and applicable to their future education or career trajectories

## How It Works

- Duration: 3 day
- Investment: Onsite: \$15,750
- Up to 35 participants
- Digital NTN Practices Cards included

“

*“New Tech Network (NTN) was selected as the partner for this work because of the depth in expertise in not just the instructional practices, but in the classroom culture, and that’s what we really wanted to address.”*
