

ACCELERATOR: **CO-CREATING AUTHENTIC COMMUNITY**

Strengthen your entire learning community through authentic connections.

Strong relationships uphold strong schools and districts. When students, families, and educators feel connected, the entire learning community thrives.

Co-Creating Authentic Community introduces leaders and leadership teams to a transformative framework for building more meaningful relationships within classrooms, schools, and districts. You'll gain practical tools to foster genuine engagement and empower every voice, so everyone feels like an active, valued contributor.

What You'll Get

**Practical Strategies:**

Innovative ways to foster authentic connections among students, families, and educators.

**Tools for the Team:**

Equips educators with the tools to develop a targeted action plan to co-create a community.

**Proven Strategies:**

Effective approaches that engage families and community members in ways that leverage the community's assets in service of student success.

What You'll Do

**Community Assessment:**

Define the current state of connectivity within their school community.

**Map Stakeholders:**

Develop a system map of their communities' stakeholders.

**Designing for Deeper Engagement and Belonging:**

Design a plan to increase authentic engagement, ownership, and belonging in their community.

**Collaborative Problem Solving:**

Tackle the challenges of co-creating a school community and empower each member of the school team.

Impact
